### *About Mt. Adams Institute Community Workshops:*

Mt. Adams Institute's Community Workshops offer wonderful opportunities for us to build community, explore the natural beauty of the Columbia River Gorge, highlight local skills and passions, and raise scholarship funds for Cascade Mountain School students. The costs of the workshop directly contribute to the Cascade Mountain School scholarship fund, which provided over 40 youth 6-18 years old in the Columbia Gorge and Portland with over \$13,400 in scholarships to attend our summer camps in 2018. We greatly appreciate the time and contributions of our Community Workshop instructors, many of whom donate their time to support our scholarship efforts.
